Students will enjoy a group led scavenger hunt on the Expo floor, an educational film on hydrogen and fuel cell technology, and an interactive session at the live demo sites where they can see all kinds of hydrogen powered cars, robots, go-karts, forklifts, and more!

The forty-five minute tours will run every 15 minutes starting at 10 a.m. with the last one leaving at 3:15 p.m. Groups are asked to arrive 10 minutes before their tour. A marshalling yard will be available for school buses and logistical information will be sent with tour time confirmations.
